About Us

Rapid Labs are UK-based specialist supplier of glass and plastic packaging suitable for all your business needs. We provide a diverse range of glass dropper bottles and vials for both laboratory and consumer use. Our wide range of compatible caps and closures such as pipettes, atomiser sprays and dripper inserts offer you the choice to mix and match your bottles with your desired closure. We pride ourselves on our affordable products and rapid delivery rates—without ever compromising on quality.

All of our products are sold in packs or boxes, depending on your volume requirements. If you are based in the UK, you can order our products online via our website, with next day deliver service for all orders placed before midday. If you are based outside the UK, please contact us directly and we can provide a formal quote with estimated delivery costs.

If there is anything you are looking for that you can't find on our website or catalogue, please do get in touch and discuss your requirements with us, as we can offer a custom manufacture service.

DIN18 Glass Dropper Bottles

Our glass dropper bottles are hugely popular thanks to their versatility and wide variation in sizes and colours available. All of our dropper bottles are made of high quality soda lime glass and have a standard DIN18 thread, making them suitable for a variety of dropper/pipette assemblies, caps, sprays and closures. (see pages 3 & 4).

Plastic Bottles & Vials

HDPE Bottles

HDPE bottles are suitable for storing most acids, bases and alcohols, making them useful for general purpose laboratory and liquid storage applications such as buffers, bench reagents and dilute chemical aliquots*. All our HDPE bottles are extremely durable and supplied with robust caps. Our HDPE containers can be used for long-term storage, although direct UV exposure should be avoided. HDPE can also be recycled.

Product Description	Size	Cat. No.
3ml HDPE Bottle and Cap (Natural) - includes dripper insert	3ml	PB-0301-HDPE
4ml HDPE Bottle and Cap (Natural)	4ml	PB-0401-HDPE
